Risk Management Solutions

## 15 Year Product & Labor - Transferable Warranty Package \* service fee required

Available when using Tyvek® Commercial Weather Barriers on multi-family or commercial projects.

### Services include:

- Full design and plan review aligned with DuPont™ Tyvek® install requirements.
- Review of specifications and/or submittals.
- Architectural services for custom details that are not already addressed by DuPont details.
- Provide project specific details from extensive DuPont library.

### At least two (2) site visits including:

- Pre-construction and/or mock wall attendance required by DuPont Building Envelope Specialist.
- On site installer or Certified Installer training.
- DuPont Building Envelope Specialist performs jobsite observation reports. Ask about reports that include photos with notations.
- RMS to finalize and provide Warranty Registration from DuPont

\* RMS can provide a custom proposal with minimum warranty requirements and fees.
